D'Hont Bronzes Again

Smithers, BC (February 11, 2007) - This past week Thomsen D'Hont captured another bronze in his strong suit, the Junior Men's nordic sprint event, at the Western Canadian Cross-Country Ski Championships in Smithers, B.C. He says, "My qualifier in the sprint - being 4th in open men's and 1st junior - was pretty sweet." But most of all, D'Hont, the NWT "lone-wolf" high performance nordic skier, enjoyed the company of other competitive skiers.

Thomsen greatly appreciates all the hard working Smithers' folks who made the Westerns happen this year. His biggest thanks go out to the Alberta Cross Country Ski Team who took him under their wing, providing him with coaching and waxing support throughout the 4 day event.

Returning home tonight in fine spirits and good health, Thomsen spoke at length with a former competitive nordic skier who claims he too is looking forward to getting back on "the boards".
